Sumber Daya Jurnal Elektronik
Profesi Pustakawan : Sebuah Survei Internet
Oleh : Maryono

Abstrak
Sumber-sumber informasi ilmiah profesi pustakawan berkembang secara dinamis, dan beberapa jurnal telah diterbitkan secara elektronik ataupun printed dan elektronik. Dalam usaha membantu mendapatkan artikel jurnal yang relevan dan berkualitas, bisa dilakukan beberapa langkah diantaranya membuat panduan informasi terseleksi. Penelitian ini mengumpulkan informasi ketersediaan jurnal elektronik profesi pustakawan beserta artikel fullteksnya, sekaligus memverifikasi internet address yang sering dipermasalahkan persistensinya sehubungan dengan karakter sumber elektronik yang mudah berubah, non-permanent dan atau menghilang dari internet (perishable citations).

Pendahuluan

Produksi dan penyebaran ilmu pengetahuan dan teknologi berjalan dengan sangat pesat. Negara yang mengalokasikan anggaran lebih besar untuk penelitian dan pengembangan, tentunya akan mempublikasikan hasil-hasil penelitiannya dalam jumlah yang lebih besar. Ilmu pengetahuan dan teknologi dihasilkan, dan dikembangkan untuk tujuan pengembangan ilmu, pencarian kebenaran ataupun untuk keperluan diterapkan yang pada gilirannya akan meningkatkan kemakmuran negara.

Dalam lingkup profesi pustakawan, dihasilkan juga karya-karya tulis ilmiah hasil penelitian, yang juga perlu dipublikasikan agar dapat dipelajari dan dikembangkan oleh masyarakat serta khususnya sesama profesi. Pustakawan perlu menyebarluaskan dan mensosialisasikan berbagai gagasan dan pengetahuannya, untuk menumbuhkan minat baca masyarakat dan juga mencerdaskan bangsa. Publikasi karya tulis pustakawan banyak dilakukan dalam bentuk artikel di berbagai jurnal ilmiah dan popular, tercetak ataupun online. Ketersediaan jurnal online bidang ilmu perpustakaan dan informasi di internet belum diketahui dengan jelas, untuk itu perlu dikaji dan dipublikasikan, agar pustakawan mengetahui jurnal dan sumber-sumbernya yang bisa digunakan sebagai acuan maupun sebagai media publikasi karya-karya mereka. Penggunaan jurnal sebagai acuan oleh pustakawan perlu ditingkatkan, karena sebuah penelitian sitiran dalam jurnal-jurnal di bidang perpustakaan dan informasi oleh Purnomowati (2001 : 10) terbukti bahwa penggunaan literatur jurnal masih sangat rendah. Padahal di luar negeri jurnal

umumnya menjadi bahan referensi yang paling utama. Kondisi tersebut mungkin disebabkan oleh lemahnya koleksi majalah di perpustakaan setempat, baik terbitan Indonesia maupun asing, sehingga untuk mendapatkannya lebih banyak memerlukan waktu dan biaya.

Tujuan penelitian

Penelitian ini bermaksud untuk memverifikasi serta menyediakan daftar ringkas jurnal-jurnal online dan sumber-sumbernya di internet khusus bidang ilmu perpustakaan dan informasi.

Tinjauan pustaka

Studi tentang koleksi perpustakaan selalu menjadi subyek menarik, karena berkaitan dengan komposisi masyarakat pengguna perpustakaan. Beberapa penelitian pernah dilakukan terhadap koleksi, sumber daya informasi internet untuk memverifikasi dan mengkaji kualitas konten informasi yang tersedia. Heryanto dan Rafi ([s.a.]) berusaha mengkaji sumber-sumber informasi internet bidang biofarmaka yang tersedia secara gratis (free of charge), serta strategi yang tepat untuk mendapatkan artikel lengkap (fulltex). Penelitian yang dilakukan oleh Al-Shahi dan Sandercock (2003 : 699) mengkaji dan menyediakan daftar situs internet bidang neurology dan neuroscience yang kontennya berkualitas. Quinn (1999 : 158) berusaha membuat daftar situs internet serta fasilitasnya (internet tools) yang sangat penting untuk kelancaran tugas profesi wartawan. Penelitian ini berbeda dengan penelitian sebelumnya, karena berusaha menyediakan daftar jurnal tercetak (printed) maupun online (digital) bidang perpustakaan dan informasi yang tersedia di perpustakaan UGM.

Jurnal Profesi

Prawati (2003 : 1) menyatakan bahwa majalah digunakan untuk menunjang kegiatan penelitian karena mutakhir, bermutu, dan lengkap. Majalah juga lebih mudah diakses secara elektronis , dipesan melalui telepon, dan diperoleh melalui jasa fotokopi. Menurut Suparman (2004 : 4)*,* ada tiga jenis jurnal yang berkembang di masyarakat ilmiah, (1) jurnal "bunga rampai", (2) jurnal dalam bidang sejenis, dan (3) jurnal profesi

keilmuan. Jurnal bunga rampai adalah jurnal yang di dalamnya berisi berbagai macam ilmu baik yang berupa IPTEK keras maupun IPTEK lunak dalam satu wadah, bahkan diisi dengan "pidato-pidato". Jurnal dalam bidang sejenis, yaitu jurnal yang memuat artikel dalam bidang sejenis (umpamanya: Hukum, Kedokteran, Peternakan, Ekonomi, dan sebagainya). Jurnal tipe ini mempunyai bobot lebih baik dibandingkan dengan jenis jurnal yang pertama, karena sudah menunjukkan ciri khas keilmuan tertentu. jurnal profesi) tertentu lebih diutamakan karena dengan demikian akan lebih mudah membantu masyarakat dalam penelusuran informasi ilmiah dalam bidang tertentu. Contoh jurnal ini antara lain Jurnal Fitopatologi dan sebagainya.

Lebih jauh Suparman (2004 : 4) menerangkan bahwa di luar negeri jurnal tipe yang pertama sudah lama ditinggalkan orang karena dianggap menyulitkan dalam menelusuri bidang keilmuan tertentu secara spesifik. Orang-orang yang memerlukan informasi terpaksa harus menelaah satu persatu artikel yang dimuat di dalamnya untuk mencari informasi yang sesuai dengan tujuan pencariannya. Oleh karena itu pada dewasa ini, jurnal tipe yang ketiga justru yang mendapat perhatian dan kredibilitas utama. Pada jurnal tipe yang ketiga penelusuran informasi ilmiah telah jauh lebih mudah karena informasi sejenis telah terkumpul pada satu jurnal. Di samping itu informasi tersebut berasal dari kumpulan profesi tertentu yang tidak bercampur dengan informasi dari profesi lainnya. Sebaliknya, di Indonesia ketiga tipe jurnal yang disebutkan di atas, masih berkembang secara seimbang. Hal itu mungkin disebabkan oleh beberapa faktor, antara lain: kurangnya informasi permasalahan yang dapat dimuat dalam jurnal, faktor sulitnya pendanaan, sumber daya manusia sebagai nara sumber dan pengelolanya, dan yang tidak kalah menentukan adalah birokrasi dalam proses penerbitan.

Metodologi

Pengumpulan data jurnal online yang tersedia di internet dengan cara menelusur melalui internet dengan menggunakan search engine google maupun google scholar. Di samping itu juga dilakukan penelusuran ke database online yang dilanggan universitas, dan telah terselenggara beberapa tahun di perpustakaan UGM. Data internet address dari tiap jurnal online bidang perpustakaan dan informasi yang didapatkan, disusun dalam bentuk table, dan dilakukan verifikasi ketersediaan fullteksnya.

Daftar jurnal online profesi pustakawan

Karena keterbatasan, dalam penelitian ini penulis hanya menyeleksi jurnal online dari beberapa sumber utama, yaitu Electronic library University of Regensburg (750 judul), Jurnal online berkualitas yang memiliki rating tinggi di kalangan Direktur ARL Library dalam penelitian oleh Professor Thomas E. Nisonger dan Charles H. Davis (71 judul), Proquest (14 judul), JSTOR (1 judul), serta Project MUSE (5 judul).

Tabel 1 bersumber dari Electronic Journals Library, dikembangkan sebagai kerjasama antara University Library of Regensburg dengan University Library of the Technical University of Munich

Tabel 2 bersumber dari penelitian oleh Professor Thomas E. Nisonger dan Charles H. Davis dalam Nisonger dan Davis (2005). Dalam penelitian tersebut dilakukan survey persepsi para direktur ARL Library terhadap peringkat kualitas jurnal bidang ilmu perpustakaan dan informasi. Sedangkan dalam penelitian ini, susunan dalam tabel telah dirubah secara alfabetis dan penulis berusaha melengkapinya dengan keterangan internet address beserta ketersediaan fullteksnya.

Tabel 2

Tabel 3 bersumber dari Project MUSE, satu dari 14 database online yang kini dilanggan UGM. Project MUSE mengelola 5 jurnal online profesi pustakawan, di bawah tajuk subyek Library Science and Publishing. Meskipun hanya 5 jurnal online, tetapi kesemuanya menyediakan fullteks hingga edisi terkini.

Tabel 3
Project MUSE
Library Science and Publishing

No.	Judul	fullteks	
1	Journal of Scholarly Publishing (Vol. 35 (2003) through current issue)	yes	
2	Libraries & the Cultural Record (Vol. 36 (2001) through current issue)	yes	
3	Library Trends (Vol. 54 (2005) through current issue)	yes	
4	Notes (Vol. 57 (2000/01) through current issue)	yes	
5	portal: Libraries and the Academy (Vol. 1 (2001) through current issue)	yes	

Tabel 4 bersumber dari Proquest, satu dari 14 database online yang kini dilanggan UGM. Proquest mengelola setidaknya 14 jurnal online profesi pustakawan, dan hanya 1 diantaranya tidak menyediakan fullteks.

Tabel 4
Proquest
Library and Information Science Journals

No.	Judul	fullteks
1	Library Computing; Westport	1994 - 2000, some exceptions
2	Library Consortium Management; Bradford	1999 - 2000

3	Library Hi Tech; Bradford	1998 - current, some exceptions
4	Library Journal; New York	1996 - current
5	Library Leadership & Management; Chicago	2004 - current
6	Library Management; Bradford	1992 - current, delayed 1 year(s)
7	Music Library Association. Notes; Philadelphia	2004 - current
8	New Library World; London	1993 - current, delayed 1 year(s)
9	Asian Libraries; Bradford	1995 - 1999
10	Computers in Libraries; Westport	1994 - current
11	Information Technology and Libraries; Chicago	1987 - current
12	Librarian Career Development; Bradford	1995 - 1999
13	Ohio Libraries; Columbus	2000 - 2005
14	Special Libraries; New York	No fulltext

Tabel 5 bersumber dari JSTOR, satu dari 14 database online yang kini dilanggan UGM. JSTOR mengelola 1 jurnal online profesi pustakawan, dan menyediakan fullteks.

Tabel 5
JSTOR
Library and Information Science Journals

No.	Judul	fullteks
1	The Library Quarterly	1931-2003

Rimba informasi internet masih memiliki banyak sumber jurnal online yang belum dirambah. EBSCO memiliki banyak jurnal online profesi pustakawan, meskipun baru sebatas data sitasi lengkap, tanpa fullteks. Emerald juga mengelola beberapa jurnal online berkualitas, setidaknya ada 14 jurnal online dan belum disertai fullteks. Professor Thomas Daniel Wilson, juga menerbitkan direktori lengkap jurnal online di bidang ilmu informasi yang artikel-artikelnya dilengkapi fullteks (http://informationr.net/).

Simpulan

Sumberdaya jurnal online profesi pustakawan di internet cukup melimpah dari segi kuantitas, tetapi hanya sedikit sumber yang menyediakan jurnal berkualitas disertai fullteksnya. Dengan mahalnya biaya berlangganan jurnal tercetak, sekarang terjadi kecenderungan penerbitan jurnal secara online ataupun keduanya secara tercetak dan

online. Penerbitan secara online, menurut Murray (1999 : 7) memiliki berbagai kelebihan, diantaranya bisa disertakan animasi, grafik berwarna, image yang dapat diputar, materi tambahan atau pelengkap, link ke artikel yang disitir dan sebagainya. Tersedianya akses internet yang memadai, memungkinkan pustakawan kini dapat memperoleh artikel fullteks yang diperlukan dari sumber jurnal gratis (free journal), dan jurnal yang dilanggan secara online melalui database online.

Saran

Jurnal online profesi pustakawan perlu ditingkatkan pengelolaannya, dibuatkan indeks untuk memudahkan temu kembali informasi. Hal itu karena terjadinya ledakan informasi yang melimpah di internet, penggunaan sarana indeks jurnal yang berkualitas bagaikan penunjuk jalan di rimba informasi. Di samping itu, pustakawan sangat beragam pengetahuan dan minatnya. Sebagian pustakawan lebih suka dengan literatur berbahasa asing (english), literatur yang bersifat ilmiah dan empiris, juga sebagian berminat untuk mempelajari kepustakawan global dari penelitian pustakawan berbagai negara. Upaya ini mungkin merupakan langkah kecil yang akan meningkatkan kuantitas dan kualitas jurnal profesi pustakawan, meningkatkan penggunaan jurnal dan komunikasi ilmiah profesi pustakawan. Hal itu mengingat masih terbatasnya jumlah publikasi jurnal pustakawan nasional (84 judul) dan belum satupun yang terakreditasi ataupun termasuk sebagai majalah ilmiah (Purnomowati : 2001). Kualitas jurnal dimungkinkan mengalami perubahan, suatu saat terakreditasi ataupun sebaliknya, juga tidak mustahil suatu saat berubah menjadi jurnal internasional.
